Operative preparation laboratory. Home nation. Dated back many year. For official record, recounting here formative history of operative me.

Depict here standard classroom laboratory occupy basement owning no window. Location divided long aisle between lengthy work surface, wall lined silver bins wove wire housing resident animals. White rodent. Frequent rabbit suffering experiment. Pigs of Guinea. Fellow operatives conduct to test chemical exposing animals. Location reek as baby animal fancy restaurant American shopping mall.

Baby puppy, as American title beef. Baby kitten as pork.

For official record, as rule must address chemist instructor, during enter room, unison all operative must announce: “Greetings, esteemed most revered educator.” In single unite voice must all operative say, “Accept, please, our gratitude for the wisdom you impart.” This, every today.

Specific past today, many today ago, this agent heat tincture of iodine, hovering tincture within glass beaker above flame gas burner. One hand of operative me operate beaker secure grasping tongs. Alcohol of tincture close gone, remaining abandoned iodine crystals frosted underside of metal saucer. Soon, this agent to scrape and collect. Combine most carefully along household cleaner ammonia, generate form nitrogen triiodide. Will precipitate red-brown crystals. Wash crystals with alcohol. Wash repeat with ether. Producing next then among most vast explosions learned to humanity.

Peering brown eye to face of operative me, Magda say, “Important must freeze still, comrade.” Say, “No motion.” Agent 36 poke own fingertip against own face cheek, say, “This location of comrade face, dusted spot white crystals mercury fulminate…”

Very dangerous, caustic, blast when too heated, blast from any shock. Mercury fulminate. Most old, most no stable explode compound.

Operative Magda raise to point on only foot toes, ballerina poised, to lean near. Breathing of agent 36 brush cheek of operative me. Magda face imminent to contact face skin of this agent. Esteemed instructor fashion mouth to display frown. Rotate face to one side, then other side, repeat to make head meaning “no.”

Acclaimed instructor say, every today must human follow example given from deity. Action of mercy, say instructor, an insult to eye of deity. Say deity no display such mercy. Say operative acting mercy place self on top, standing on top head of deity. Envision self possess more wisdom deity.

Esteemed instructor say top deity ordains all living creation suffer—wasted disease or screaming wearing covered blood—then must some today all to die. Only tragedy if suffer and die during innocent. No sin, no crime, then extinction not earned. Such waste an affront to deity.

“Because all suffer then die,” say instructor, stroking white fur rodent, “then operatives must earn own some today extinction.”

Justify future cruelty acts of deity. Make of deity no sadism, instead vast wisdom judge.

Top deity model only correct behavior. Say great wisdom instructor, “All must do unto fellow being what the deity does to all.”

If operative frequent kick dog…if strike with slap hand reproductive partner…if operative murder stab fellow, that mimic correct lesson of deity. At some today instant of extinction—could be heart explode or consume toxic foodstuff—that extinction no tragedy, no large waste to offend deity. In truth, extinction sinner great vast pleasure unto deity. More sin, more crime, say instructor, more deity will rejoice upon extinction of operative.

Hand of instructor twist water switch, forcing spigot gush water into bin. First, chilled water. Next then gush begin vent steam, water heating, high heat turning steel floor of bin to dark with temperature. Rodent sliding to

Cruel glorious own screaming extinction earned. Arriving the random today designated your torture extinction—from airplane plummet or nuclear poison—then will memory so many personal crimes comfort, soothe operative into eternity. Important, revered instructor say, “After here, wish top deity a vast pleasure to murder you.”

From current today, deserve to die.

Next now, white rodent slide, skid, tumble down drain hole. Feed grinding metal teeth. Gone.

Quote, “I do not see why man should not be just as cruel as nature.”

Next now, scream squeal of rodent also gone. Only gush scald water patter metal bin. Glorious wisdom instructor tilt self until both own hand stationed under gush, where hand wrestle each other, wrestle cake of soap, wash clean.
